WORLD HUMANITARIAN SUMMIT SIDE EVENT

# The Future of Humanitarian Data - Opportunities and Challenges

**Monday, 23 May, 3-4:30pm**

Rumeli Hall 7, Lufti Kirdar Convention and Exhibition Center

## WHAT

The Kingdom of the Netherlands and OCHA's Humanitarian Data Exchange are co-hosting a side-event that will explore the future of data-use in humanitarian action. Speakers will cover issues related to data collection and use, new data sources, open data platforms, data policy, and the role of donors.

We will also be showing 'Making the Invisible Visible: A short film about humanitarian data'.
